WE SING THAT THEY SHALL SPEAK

The Institute of Logopedics
International Service Project of
The Society for the Preservation and Encouragement
of
Barber Shop Quartet Singing in America, Inc.

Barbershop Harmony has a new ring these days – one with a deep and joyous purpose to it. For Barbershoppers are willingly lending heart and voice that silent children throughout the world may be given speech. S.P.E.B.S.Q.S.A. is proud indeed of its International Service Project, the Institute of Logopedics in Wichita, Kansas.

In every community there are men who love to use their God-given talents to sing. In every community, too, there are silent children who cannot express even the simplest song or thought imprisoned in their hearts. They look to the Barbershoppers for escape from their lonely prisons of silence. We are humbly grateful that God has granted us the privilege and talent to sing – *that they shall speak*.

Communication, as every Barbershopper knows, is mankind's most vital tool. As a pioneer in the field, the Institute has brought speech to more than 30,000 persons throughout the world; and has become the largest residential habilitative center. Today more than 3 children per day are restored to their communities to take their rightful places as speaking members of society.

But countless thousands still plead mutely for our help . . . your help. We cannot – nor do we wish to – ignore their unspoken appeals.

Without speech a human's world is dark and his potential unknown.

No one ever dies from a speech disorder. But, for the millions existing in silence, it can be a living death.

To meet the needs of the speechless, Dr. Martin F. Palmer, Founder of the Institute, developed an integrated three-fold program consisting of the finest possible clinical services for all communicative problems; expert professional education for logopedists; and an excellent and on-going research organization.

As we sing, we hear in our hearts a chorus of voices once silent who are joining us in song . . . they are the 30,000 who found speech at the Institute of Logopedics which we proudly claim as our own.

But we are mindful also of the millions who silently look to us – and to YOU – for their birthright – *Speech*.

WE SING THAT THEY TOO SHALL SPEAK !!

Dedication

CARL DAHLKE

Perhaps the greatest tribute to the talent of Carl Dahlke, who steps down this weekend as musical director of the Wolverine Chorus, can be found in the performance of the chorus in the seven years he has served it.

Carl is retiring with a perfect record, one that is unmatched in the history of the Pioneer District. In seven separate contests for either the District chorus championship or the District's berth in the International chorus contest the Wolverine Chorus has been pre-eminent under Carl's leadership.

In addition to the unblemished chorus contest record while Carl has been with Oakland County, the success of our "Harmony in Review" has caused it to become the district's only annual show that is staged for two nights.

Also, during his tenure as musical director, octets and mini-choruses from within the Wolverine Chorus have been

frequent winners in interchapter competition throughout the Detroit area.

Carl began barbershopping in July, 1955, as a member of the old Northwest Detroit Chapter. He was soon attracted to quartet work and sang with such groups as the Sophistachords, Dynamics, and Chordmasters. After moving to the Dearborn Chapter in 1960 Carl helped organize and sang bass in the Autotowners, a quartet that reached the apex of barbershopping in 1966 when it was named International Champion.

Before concentrating heavily on competitive quartet activity Carl had directed the Dearborn Chorus for a time, winning a District championship in 1965. His interest refocused on directing after capturing his gold medal with the Autotowners and he joined Oakland County and the Wolverine Chorus a short time later, launching the current string of successes.

In addition, he has served as a quartet coach for the Trebleshooters, the Closechorders, and the Vagabonds, as well as for several Sweet Adeline quartets.

Oakland County Chapter is grateful for the contributions Carl has made during his time with us. We are appreciative of his desire to take respite after nearly 20 years of barbershopping. We are both grateful and appreciative to his wife, Carolyn, and their children, for the hours we have "borrowed" from them.

Carl's willingness to share his musical abilities with members of the Wolverine Chorus has been matched only by his eagerness to teach a new "tag" to three men or 60. Regardless of what the future may hold for any man in this chapter and chorus we know that what we have learned from Carl Dahlke will remain with us for years to come. That, in itself, may be the finest testimony to his efforts.

BURN TRASH IN MINUTES

WITHOUT AIR POLLUTION

"Super Clean" TRASH-AWAY meets tough new air pollution laws.

Simply fill with trash, light with a match, put on lid and turn on the power. Presto — no trash! Burns 3 trash cans full in 30 minutes.

The secret? A high speed air stream fans the fire to white heat — makes TRASH-AWAY a super-charged incinerator. Burns completely, without smoke or sparks, almost no ashes.

Uses no fuel. Plug it in like a vacuum cleaner!

SPECIAL THANKS

THE VAGABONDS

One of the few quartets to carry Oakland County representation into the top ten of the Society's International quartet rankings, the Vagabonds are currently among the Midwest's busiest quartets.

First organized in 1969, the Vagabonds were Pioneer District Champions for 1969-70 and sang in their first international contest in 1971, placing 17th.

In July of 1972 they electrified an Atlanta audience with a first-night performance that helped carry them to a ninth place finish in the International quartet contest.

Last summer in Portland, Ore., the Vagabonds moved up two notches in the international rankings and this spring will again seek one of the two Pioneer District quartet berths available for the International contest in Kansas City.

WOLVERINE CHORUS

THE CITY SLICKERS

Organized in 1965, the City Slickers have since made more than 300 appearances and mark their ninth anniversary as a quartet on the Oakland County Show.

In between their show performances the Slickers have managed to qualify as medalists in Johnny Appleseed District quartet competition.

Their appearance tonight continues an Oakland County tradition of bringing some of the Barbershop Harmony Society's finest comedy quartets to our Harmony in Review stage.

THE NORTHERN HI-LITES

The Northern Hi-Lites have become one of the Pioneer District's most popular quartets since first organizing in August, 1972.

Two months later they were named District Champions for 1972-73 and the following spring narrowly missed a qualifying spot in the District's International preliminaries.

With an aggregate of more than a half-century of barbershopping among the four members, the Northern Hi-Lites are frequent chapter meeting headliners and chapter show performers.

Oakland County is proud to share representation in this quartet and to have the Northern Hi-Lites in Harmony in Review for the second consecutive year.

*Best Wishes to the
Members of the Wolverine Chorus*

1974 Mustang II Ghia

We're still making collector's items.

We listen better. And because we do, we've come up with one classic car after another.

And now Mustang II.

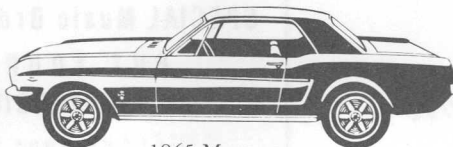

We think it will be a classic, too. Because the same combination of styling, value and overall

performance that made classics of so many earlier Ford Motor Company automobiles is now a part of the all-new Mustang II.

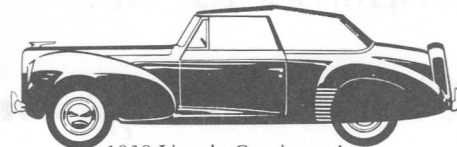

Mustang II. After you've seen it, we think you will agree that we are still making collector's items.

Finally, a motorhome that doesn't look like a box or ride like a truck.

We wanted to build an ideal motorhome. With features like a low roofline for maximum clearance. And a low floor for passenger comfort. But still plenty of headroom and ground clearance.

So the GMC MotorHome was designed around a front-wheel drive unit. That gave us the interior room, a low roofline and the traction and stability that comes with front-wheel drive. As well as

tandem rear wheels with air suspension.

And all the comforts you'd expect in a luxury car. Power steering and power brakes. Standard. A 455-cubic-inch V8 engine. And more. See your MotorHome dealer soon and let him show you just how much more you'll find in the GMC MotorHome.

The MotorHome from General Motors.

Extra care in engineering...it makes a difference.

Chrysler Corporation engineers have put together a road act you'll really enjoy.

TorqueFlite transmission. An engineering difference from Chrysler Corporation that sets the stage for no recommended maintenance.

It requires no recommended maintenance under normal driving conditions. And we sincerely believe that it's the most reliable automotive transmission on the road.

TorqueFlite transmission. Just one of the engineering differences offered in every Chrysler Corporation car built in this country. Discover all the differences at your Dodge or Chrysler-Plymouth dealer's before you choose your next car.
